

## David A. Popke

November 26, 1955 - April 1, 2019

We are devastated at the loss of David Popke. He was one of the most incredible people anyone has ever known. Best father in the world, husband (never said no to Lita's jewelry addiction), son, brother (there were no in-laws or just friends – everyone was a close family member). His mother was his favorite companion. They argued, they laughed, and half the time couldn't hear each other. "What?" was a common phrase they exchanged. He loved his mother in a way that Jesus loved his mother. A fantastic chef, Rotarian, conservative (Sean Hannity addict – 9pm no matter what), wine enthusiast, passionate (about everything and everybody he loved, and a few that he didn't), generous to a fault, funny, sometimes childish and oftentimes goofy (check out the photo in the red long johns). Favorite places were Puerto Vallarta (can you say mas cerveza) and Beaver Island. He was one of the founders of the "Outlaws" and the "Jucy Dado" (funniest moment ever). 4th of July was the best. His impact on all our children was indelible. They loved Uncle Dave and he interrogated them on everything from their career ambitions to their love lives. And they better give the correct answer! Loved his friends, hunting, a good cigar and a fine bottle of wine. (So, we have a top shelf in our wine cellar that Lita was denied access, until now – the wake was fun). Couldn't hear well and was always on "Popke time." Made everyone feel welcome and important. Big heart and willing to help anyone at any time (even when he didn't have time -- which was always). Career coach and biggest cheerleader for his children. Dream Big he always said. Claimed "his allergies were acting up" when tears streamed down his face as Kiersten announced she was going to the University of Michigan. Enthusiastically led the parent tour when Donald decided on Michigan. So, did we mention his athleticism -- QB at Benton Harbor High School, hockey recruit for the GROWLS (Lita couldn't figure this out) and quintessential athlete who won the Beaver Island 5K, and skied, rowed, played tennis and panicked at St. Andrews in Scotland. Overworked, overzealous, "the busiest man in the world" (just ask him), and P&G is the best company on the planet. Well read, he would highlight the important parts of books for Lita, so she didn't have to read them. His faith was admirable along with his daily bible readings and devotion to Our Lady of Good Counsel. God was the center of his life. He's irreplaceable and he's loved more than the words in this memorial can ever describe. #ForeverTeamPopke

With Love, Lita, Kiersten & Donald

“ We are so very sad to hear of the passing of your wonderful Father and Husband David. He was always so gracious, easy to talk with and always so very nice to our son Griffin. Griffin loved his visits to Beaver Island and most notably talked about David's fabulous cooking! He always sent us photos from whatever CC event our boys attended and was so very generous! Please take care and know I will be praying for you all during this devastating time.

“ Dear Lita—

Words cannot describe our sorrow for you, your kids and your entire family. The loss is so enormous that it defies comprehension. We pray that the grace and peace of our Lord, which surpasses all understanding, will guide and comfort you, and that His grace plus the passage of time will help to heal the sharp edges of your grief. Much love from our family to yours—

“ I would often remind David of an act that was showcased on the Ed Sullivan show. For those too young to know this was a Sunday night TV watching staple of those of us who grew up in front of a television in the early 1960s. Ed often had acrobats and jugglers on his show along with the popular singers and musicians of the day. When ever David related to me his latest business venture I would recall the guy who would spin dinner plates on long skinny sticks. He eventually had a dozen plates spinning as he ran back and forth to give each plate, in it's turn, a flick to keep it spinning. That was David, everyday of his life, with too many plates spinning on long skinny sticks, and running back and forth, always smiling and keeping those plates from crashing to the floor. I will miss him and our nearly daily e-mails back and forth about his next adventure or his next visit to Benton Harbor or his next trip to Beaver Island. I expect he already has a dozen or more plates spinning on those long skinny sticks in heaven.
