“ My oldest childhood friend...so many precious memories with my dear friend! He was always there for others & gave all of himself to provide excellent medical care to anyone. We grew up together, played together, worked together & he delivered my daughter! I could always hear his joyful spirit every time we spoke, no matter what he was going through.....such a brilliant mind & beautiful soul. He will be deeply missed by so many.....

“ Jon and I were colleagues and friends for many years. During that time Jon always had a kind disposition. He's warm and joy in helping others was always evident. Being in his presence created positive energy. I don't believe anyone ever had a negative word or thought about him. His friendship was cherished and he will be missed!

“ He was very kind. Spent a lot of time with me when I was having kidney issues. A wonderful smile as he endured so much, never giving up on hope and healing. He will be greatly missed! My thoughts and prayers to you and your Family through this difficult time.

“ What a caring person Jon was. My husband and I only met him a few times but he always offered to give help or medical advice if we needed it. He was a loving family man to Kathy and Gabe. What a decent, kind person. We will really miss him. Deepest condolences to his family. Sending hugs.
