“ The Story of Greg and Pam

Long, long time ago, say 50 years or so Two people were introduced and became steady boy friend and girl friend. He attended Divine Child & she attended Marshall jr. High. They both loved music, dancing, bowling and going to the roller rink and really enjoyed each other. You could say they were in puppy love. Their favorite hangouts were H&N's and Bell Creek where they both had several friends. About a year and half passed and they went their separate ways as most teenagers do but remained friends over the years.

After a while they lost contact with each other only to find each other again 30 years later via classmates.com. Pam was shocked when Greg contacted her as she thought she would not hear from him again. That's when she learned he had moved to WA state and had been there for 30 years. They caught up on what each of them had been doing over the years and then contact was lost again.

After about 6 month's Greg contacted her via facebook and they continued with light conversation but once again Pam lost contact with him. So to make a long story short....with the help of a couple of sisters whose names we will not mention Greg and Pam met again and started a loving relationship. They did not know how short their time together would be but they made the most out of the short time they had together. They filled the voids in each others lives and had an everlasting love for each other. They gave each other the happiness and love they had been longing for. Their love extended to each others families families as she had a great love for his family and he had a great love for her family.

Greg did something for Pam that was brand new. She now had a smile on her face all the time. It was wonderful to see our beloved Pam, Happy. Greg was the reason she smiled, she could be herself and he loved her. They enjoyed each others company. They didn't need anything from each other but love.

They enjoyed the daily routine things together and then the traveling and spontaneous adventures. They loved riding bikes together on different bike paths and going to the casino.

Pam lost the love of her life and true soulmate. Death leaves a heartache that no one can heal but this great love leaves a memory no one can steal.

“ Greg and Pam were the first people I met when I moved into my condo below them 2016. He was instantly likeable as well as Pam and their dog walker. He golfed on our league and was happy to have him and hoped that he could continue. Don't think I ever heard him complain about his condition only that he was hopeful and you couldn't help but be encouraged by that. Godspeed and comfort peace and joy in Christ to you Greg and yours amen.

“ One of my favorite memories of Greg was from Sunriver. I remember how the kids were always excited when he got there and how they climbed all of them. The best part was when Uncle Greg took them out searching for Deer. I know the kids will always remember searching for deer with Uncle Greg. Such good happy times!
Love, Carol

“ I knew Greg in high school and considered him a friend. When he moved back to Michigan, Pam and Greg, myself and a few of our other friends got together socially on several occasions. My husband had the opportunity to spend some time with Greg and he really enjoyed his company.
To know Greg was to instantly like him. He was a kind and friendly man. He will be missed.
My love and prayers are with my dear friend Pam and Skylar.
My condolences to Greg's family.

“ It's been a long time since I had seen my sister so happy. She was truly blessed that Greg came back into her life when he did. May God bless him for the wonderful memories he left with her. Heart felt sympathy for Pam and also for Greg's family who loved him so dearly.
