“ I was so sad to hear of Guy's passing. I grew up living behind him on Minton. I remember him well from Franklin in the music department and from various events. He was such a kind gentleman. Wishing his family peace knowing how he positively touched so many lives.

“ Over 40 yrs ago Guy, a handsome military man won my sister hart with his humor and charm. Though their lives went in different directions I was able to witness the love they had for one another and the joy they shared with the births of my niece and nephew. Guy loved family and I know he will be watching over family and friends forever " Protect and Service " was not only for his military family he shared that with all people even strangers.  
God Bless,

“ Guy Flummerfelt was an inspirational Sergeant Major and a true soldier’s soldier. The lessons learned from him will surely live on through all the service members he worked with. Prayers to his family and friends.

“ I am so sorry to hear of Guy's passing. I knew Guy from our high school days when we were in plays together. One of my favorite memories of him from those days was him goofing around behind the stage curtains and snuck up on me and scared the crap outta me with him doing his best Jack Nicholson "Here's Johnny!" He had a great sense of humor for sure! Guy was instrumental in guiding me through the enlistment process into the Army and later visiting with me in Germany in the late '70s. I will always be grateful for his friendship and compassion at a time in my life when I was so anxious to be so far away from home. I will always remember Guy as a person with formidable military knowledge and a passion for the Army unlike anyone I have ever known. He was a soldier's soldier for sure. Rest in Peace, Guy.

“ From the moment we met over 40 years ago, Guy and I became fast and forever friends. He became the brother I never had but always wanted. We were in sync from the start with our humor, sarcasm and conservative beliefs. We "got" each other. That is a rare gift. We supported each other through good times and bad, through many relationship challenges and divorces. The span of our friendship took us from bright eyed youngsters with our entire lives before us, to being parents and now grandparents planning our retirements. You were one of the good guys, my friend. I'm so blessed to have had you in my life. My heart breaks knowing you are gone. Cheers to a life well lived and full of love. My condolences and continued prayers to your family for their heartbreaking loss. May God guide, strengthen and uplift them as they adjust to the new normal of not having you physically available. Thank God that you have created so many wonderful memories for all of us ! RIP my dearest friend....see you in heaven!

“ I'm so sad to learn of Guy's passing. I served with him in our joint command at Selfridge. He was a wonderful, quiet, strong and fine Army Sergeant Major who many looked up to. Rest In peace brother, and may the angels carry you to your final resting home in the arms of our Savior.

“ Comrades and Neighbors during our 1997 deployment. Good Soldier; good friend. All he wanted to do was to enjoy life with his family. We were just talking about retirement a couple of weeks ago; never know when your time will come so live life to its fullest. See you on the other side.

“ I have been trying to think of what I wanted to write here since this morning. Guy, you are a great man, you touched so many peoples lives in so many ways. When I started working with you at the G2 in 2013, you were one of the people that became an instant friend. You were there for me through so many of the things that happened in my life. Always there to make me laugh and always there to lend a shoulder to cry on if I needed it. I thank you for that. I am going to miss you posting things on FaceBook and commenting on things that Jackie and I post on there. Always made me smile and laugh. Oh how you made us laugh. My life has a very large hole without you in it and Heaven has gained an amazing Angel just like when Marty went there. Rest in Peace My Friend. And Always Remeber, Unicorns Are The Most Powerful Creature, Even in Your Game....Just Ask Fred ;)

“ Guy and I had the distinct privilege of leading and supporting our Army Reserves Soldiers and their Families for almost 3 years together. During that period, I could always count on SGM Flummerfelt's sage advice and personal perspective on both recognizing and challenging our Soldiers serving the European command. Guy's impact on all of us and especially our youngest troops lives on. Our prayers and thoughts are with your Family during time of loss. Sincerely, Monty Dolieslager, Col (RET), US Army.

“ I knew Guy at Emerson Jr High and Franklin HS. Lost track after High School. But our connection was thru Scouting. Many great outings and long hikes in various areas of Michigan, Ohio and Indiana. This would have been 1972-1976. He was one of the really good guys and I remember him having a great sense of humor.

“ Guy, I’m totally heart broken with the loss of you daily at work. Starting with my morning coffee that you would make every day to your multiple strolls down to our office during the course of the day. Laura and I never knew if it would be a joke you would come and share, general chit chat, a gripe session or whatever. I miss the signage you would post down the hall and at strategic places throughout our workplace. You walking into our office with your “Fork n A” or “Fork this”! Or your exact month, day and hour count down to retirement. Our days feel so empty without you. You are and will be greatly missed. I was so looking forward to seeing you Monday morning because I knew you would have a comment about my post on your wall about the donuts. It still don’t seem real.

“ I echo Chris Barsamian's sentiment-I knew Guy at Emerson Junior High (go Eagles) and into Franklin but lost contact when I left Livonia for Northern MI in the mid '70's. He was an upstanding guy (no pun) with stellar character and a friend of mine at the time.

I share in your loss.

“ I never met Guy. I have a sad heart over his passing. As a fellow strategy gamer he was part of a select group of people who enjoyed matching wits with contemporaries. The gamer community has lost a special person.
