“ From another former vet, you will be missed. I've known you for over 40 years. Hugs to Vicky and Lisa and my best friend Vinnie for over 48 years, I don't have the words, but I love you guys and girls.

“ A wonderful man and family. I had the pleasure of working with him for many years at the VA in Ann Arbor. He was a kind man and had a great sense of humor. I always enjoyed and looked forward to my visits with him. Your family has been amazing over these years and I will miss him and you both!

“ To one of our best friends, you will never be forgotten and greatly missed! I hope you and Terry are having fun and no more pain for either of you! I have so many memories i don't know where to start.

I so wish i could make it to your funeral but just getting out of hospital for myself with congestive heart failure I don't think its good idea to drive that far. But Im there with you and the family. Lots of Hugs and Prayers

Love

“ To the man who was my everything, my true father figure. The times we shared growing up and later in life I will cherish forever. You taught me right from wrong. You showed me what unconditional love really was. Always showing kindness and true compassion. I would call to check in with you and ask how you were feeling, "feeling with my finger tips" is the response I would get. You always made jokes and made the best out of the little moments of life. I was your boy, your AI pal. I will forever remember the sound of your voice ringing off the walls and see your face as I close my eyes at night. You truly were and still are my hero. Everyday I will live my life one moment at a time and never take life too lightly, I will live my life for you. I will always miss you granddad and so will your great grandbabies...

Fly high in paradise

I will forever love you

Your AI Pal
