“ Leslie you will be missed dearly. I enjoyed our conversations (we laughed alot!) we had and how you were always ready to help in need. You spoke so highly of your children and who proud you are of them. I wish we had more time. I will always remember you!

“ My dear friend we've known each other for over thirty years. We've shared many laughs and a few tears. You stood by my side at my wedding. You attended many annual "Battle-Italian sausage making events," and fit in like one of the family (not an easy task to do). There were times when we lost touch with each other, but I always knew the next time we talked we would pick up right where we left off. I am so grateful for the friendship we had. You will be missed but never forgotten. You will always hold a place in my heart.

To Leslie's family please accept my warmest condolences, I am deeply sorry for your loss. Prayers of peace and comfort to all.

Love always,

“ May God rest your soul, and bless your family during these hard times. It's only been 4 years since I've met you, but I feel like I've known you and Carly a lifetime.

I will always remember the day I drove you home from Jackson, and the conversations we shared about Carly. You spent 45 minutes telling me about her childhood, how proud of her you are, and how amazing of a young lady she is. Your love for her radiated.

I'll continue to keep an eye on that beautiful, sweet souled daughter of yours. Rest easy, Leslie. Thoughts and prayers.

“ 30 years of memories . Some good, Some bad but that's to be expected. We have shared so many moments from our early adulthood, to marriages and of course our children. You are Forever Aunt Leslie to my children. You always hated going to breakfast at Denny's early Saturday mornings but you went anyway. I'll never forget our beach vacation. I still cherish the week you stayed with me after the triplets were born. You took vacation just to help me out. I shall never forget when Joshua, Carly and Alex were born . Such a Proud and Loving Mother. Thursday bowling nights were always interesting. I will miss your voice over the phone. . Life took us in different paths, so we separated for awhile however, You were and are a Life Long Friend and you will be missed my friend.

Condolences to the Family,

“ Work Mom, Mama Brock, Sister Mother... there's an obvious theme in all the silly nicknames I liked to call ya. Thank you so much for always being so caring and for all of the motherly admonishment you gave me in our five years working together.

I always loved hearing about what kind of "trouble" the kids were getting in, what Carly had cooked for dinner the previous night, or just how proud all of them had made you. It was so clear how much you loved them.

I'm really grateful you and Carly got to meet my parents and brothers. I'm going to make it a point to meet Alex and Joshie in person one day. It kind of felt like I knew them anyways just from the conversations we had through you about music, sneakers, and basketball.

I can hear you crystal clear saying, "WHOA!", which was you quoting my reaction when I sat on the whoopie cushion Kaitlyn had hidden on my chair. It was always great to see you laughing, even if it was at my expense :)

I really wish I had talked to you more over these past eight crazy months, and that is my regret to bear. Going back to the office will not be the same without you. I'll miss you always and I hope we will cross paths again in some way.

Love you Leslie,  
Brian
