“ I loved her like a second mother. She made the best French toast which was one of my favorite breakfasts that she made when I spent the night with Betty. I've known her for over 60 years. My heart goes out to the family of this wonderful lady.

Love to all,

“ I have so many good memories of Aunt Wilma. When I was a kid, she used to have me & sometimes a couple of cousins over to spend the weekend. She always made a big pot of split pea soup since she knew I liked it. It is still one of my favorite soups. Then she would play cards with us most of the day. It was usually Five Hundred Rummy. She was a wonderful lady.

“ Through the years when I first met you with Ken as my boyfriend, you made me very comfortable, welcoming me and understood my Deafness. I grew knowing and loving you in 46 years. You have taught me your cooking skills with delicious recipes, many crafts we made together and best of all, you are the great Euchre partner I ever had. Ken and I also Kyle thanked you for the person you are even giving us love and enjoyable visits with you and dad plus family as well. We all will miss you very much and will carry every memory we had together in our hearts. May you RIP Mom, Grandma!
