“ Mom,
We are very blessed that we were able to have you in our lives all these years. You were always there for us in a special way. When we were dating, you thought we probably were not right for each other. Love endures, through thick and thin. You laid the groundwork for all of your children, grandchildren and generations to come, a very special loving, caring legacy. We truly hope you are happy in heaven with dad and your loving children who went before you. We will surely miss you...we love you very much!

“ Grandma, where do I begin? I know, ice cream truck. I will never forget you having the ice cream man pull up in your driveway so Jamie and I could get some treats. You were always worried about Jamie and I taking the long way to your house when we just lived a couple blocks away, you always worried about us, but now I know how it is when having my own children. Rest in peace grandma, WE ALL LOVE YOU! Tell grandpa all about his grandkids, and great grandkids. See you again one day. Good bye for now. Love Heather, Fred, Tabitha, Reed, Alexis, Halee, and Ian
