We donated to the Ax Men in honor of Al who was a true Patriot. He was so proud of his tall flagpole & flags + loved working on his Koi pond. Al will be missed but as we straddle our Harleys, he will always be there with us.

“ I can vividly remember my nephew, Allen in 2 memories that are always at my fingertips.

One, when he was just a little guy in Lafayette, IN. They lived in a great big, older house that had a circular hallway so Little Allen could ride his 3-wheeler around the circumference of the house for hours, in all weather, in only his diapers and a Cowboy Hat!

The second, is his Moms house in Detroit as an adult. When my sister and I would drive over to visit Susan, he would always stop over to check in with us. I see him in the leather chair by the ottoman. And he's just told us a joke, or a pun, or an off the cuff remark that would have us all laughing. What I loved most was Allen giggle. It hadn't changed from when he was 3, and it was what always made me laugh the most!!!

That laugh was so pure of heart and full of love, as was Allen his whole life..... pure of heart and full of love!!! These memories bring me happiness. I will always miss you. DA ❤️

“ Al..you were larger than life and always brought such energy to every gathering and get together. Your smile was contagious and good vibes were always felt in your presence. Your legacy lives on in the hearts and smiles of your children and Grandson. Go rest high on that mountain Al.
