“ *She was a wonderful influence in my childhood. I remember her not only allowing us to build a fort against the garage, but her providing the paint, blankets, and delicious snacks. Providing sheets to make forts in basement... and snacks. I still smile at the vision of her directing our Holbrook Gang on the moving of picnic table, lawn chairs, cut logs into the garage so we could play monopoly, Uno, Life and whatever game we could find. Sitting on the front porch while she told stories of her childhood and tying her experiences/lessons to the bible. Oh,... and so much more!*

“ To the family of Toni:

Our family very much appreciated the wonderful care Toni took of our little Simba, a six and a half pound yorkie. Toni taught us many good things about the care of animals. For example, she told us to leave the radio on when we were gone so Simba would have that as company. Toni also taught us to use a harness when walking Simba so he would not strain his neck. We will always be very thankful for Toni and the care she took of our Simba.
