“ *My most recent memories are of our Pirolli Park friends who have been such a comfort to us both, being there for us as his illness progressed.*

“ *So many memories of my loving husband and best friend. Art Erickson was a good father. He loved his girls more than life itself. Many fond memories of Sundays spent with them growing up. They are such a gift. Many fond memories traveling, "work" in the big truck, fun in the motorhome with the Ericksons and Wilsons. And many vacations with Ron and Libby celebrating our Wedding Anniversaries together. Great memories camping up north with the Millers, Farrells, and Dempseys. Many Christmas Eve dinners at our house with family. The first Christmas Eve after his bone marrow transplant, when he couldn't be around people, my family came out to sing Christmas Carols to us. It meant the world to both of us. I will always remember how much he loved life and all of us. Until we meet again in Heaven, My Love, you have my heart.*

“ *Arts laugh and smile just as simple as that.*

“ I have a huge hole in my heart. Art was a loving brother and friend. Always there to help and look out for me. We had some fun trips with him and Nancy and planned on going lots of places together in our motorhomes when I retire in May. It won't be as much fun without him. He had a great laugh and was even able to still laugh the last time I talked to him a few days before he passed. Love you, Miss you, see you in Heaven bro.

“ Art was to me, a brother in law, and to Ron a baby brother but that was only the beginning. He was so much more to Ron and I, we played together, we traveled in our Motor Homes, we traveled to other countries, we shared our Anniversaries together, card games porch seating (hobby) in Tn. With my family. Soon Art and Nancy were Uncle and Aunt to all of them. We camped with our club, by our selves, with our Tn. family. Art was a big part of our camp fire entertainment. When we traveled, we saw it and did whatever we wanted to do. All of us agreeing, that's just the way the four of us worked. Art there's no words to tell you how much we love you, great memories, great times, family gathering, wedding, graduation's, and on and on!! You are one brave man, you served our country, loved our country, loved your family and loved and lived your life to the fullest! You will forever remain in our hearts and memories!

“ My wife and I met Art and Nancy at Pirolli Park Campground where we are both seasonal campers. We quickly became good friends and over the last three years we shared many good times together. Art was truly a good man and loved to talk about his family whom he loved dearly and his truck driving career which he had fond memories of. My wife and I will miss his good conversation along with his special smile and laughter. We admired Art's ability to continue to enjoy life despite his illness, he was a fighter to the end and will be truly missed.

“ Art and I met a long time ago at Corder Leasing and became friends right away. We both bought trucks from Charlie and started on a journey that would take us in different circles but always seemed to end up back together leased to the same company. Art, Nancy, my wife Julie and myself have so many great memories on and off the road. Art taught me a lot on how to be a better driver which I'll always be thankful for. We had a long great ride together my friend, so I won't say good bye but till we meet again.

“ Art was a good friend of mine. I will always remember all the fun times we had and all the great memories. Art was always the friend you could count on. And no matter how bad the situation was or what a bad day you were having , one phone call could make you laugh and forget about your problems. I will always remember and love you buddy. I know I will see you again one day. Love, Ron Kudek

“ *Remember growing up next door to the Erickson's. Wonderful family. Arthur was someone to laugh with and argue with. He scared me with snakes and teased me about anything that caught his attention. We kids had a great life on Fremont Street. RIP Christine Monge Millington*
