“ *Whitehead family,  
My deepest sympathies to all of you. Betty was a very loving, caring person whom I considered to be my second mother. She was always concerned about others. She never missed sending a birthday, anniversary, get well or just thinking of you card. I was fortunate enough to live next door to the Whiteheads while growing up and they became my second family. She will be missed but I will always hold her dear in my heart.*

*All my love,*

“ Dearest Whitehead family,  
My heart & prayers go out to all of you at this very sad time. Betty loved life & she certainly loved her family, including her beloved cats. She was very proud of all of you. My fond memories will be of sitting on her porch in the summer drinking her famous iced tea and visiting. Also all of her calls & cards to check up on how i'm doing. We will all treasure our fond memories of her in our hearts.  
I love you all
