“ *My Dear Friend, I miss you. I didn't get to say good bye! We shared so many fun times, sad times, frustrated times, lots of laughs, LOTS of laughs. We loved our critters and had so much fun at Vance's Pet Farm. "You close you eyes" HAHAAAAAAAA. Then at the Boston Tea Room, we worked together again. I still have the bracelet you made for me. And the claddagh ring. I'm so sorry you were so sad about so much. I am glad you are with your Mom and Kobe and Brina now. Much love. I will always remember your laugh, your kindness, your generous heart, and most of all your friendship. Thank you for all of that. Love, Leigh Rowland*

“ So many memories of my childhood friend. Lived across the street and we had so many friends on the block that played every day from tag, hiding go seek, riding our bikes forever going wherever we wanted, playing Barbies, swimming, dancing, going to Northland, getting crusheds on boys. Lol. Just lots of fun until we all moved in separate directions. Bev was a beautiful girl. Between her and all the other neighborhood kids it rings in my mind of running across the street and singing 'Bevvv bev v can you come out and play!' Brings tears to my eyes.....seems like yesterday. R.I.P Beverly.
