“ *Dear Family of Brian*

*I met Brain on June 14, 2014, thru a mutual friend, Bill W. From that time, we spent a number of hours, each week sharing our experiences, strengths and hopes. As a result of Brian's selfless friendship and mentoring, I now enjoy a life of tremendous serenity.*

*I knew of Brain's love for music as most people, however I should share his love for sports. Between the two of us, we had solved the problems of our beloved Tigers and Lions, had these two teams known of our brilliance, Detroit would have enjoyed many more championships.*

*My love and friendship with Brian will always be most special.*

*May God bless your family.*

“ As friends of Bill W., Brian and I spent many hours together at the tables when he was in the Novi-Farmington Hills area. Our mutual friend Kurt told me of his death at a meeting last night. I heard many times from Brian about his exploits in Sandusky, Ohio, and Battle Creek, MI. I know his experience and wisdom helped a lot of people. I visited him just once after he moved to Monroe. We had a good conversation about things that mattered. And he offered a memorable lesson about playing music, how it was so much more than just reading notes. I am sorry to hear of his passing.

“ Brian was such a huge part of my childhood. He was the father figure I needed and he gave so much love to me and my family. My life is better because he was part of it. I think of him fondly, very often, and always send him my love. I am sad his life ended too young, but happy for him to move on to his next phase in the universe. His energy and light will continue to influence the rest of my life. I love you Brian Stott!

“ Dear family and friends of Brian,

*My sincerest condolences on Brian's passing. I was only 10 when our families were neighbors, but I consider that time the best of my childhood.*

*I would be a lesser person today if I had not had those cherished memories.*

*All my best in your time of grief.*

“ Brian, my family will always treasure the memories on Spencer Rd. Oh, the fun we had: our kids playing in the club house, trick or treating with the kids, Indian Guides, chatting on our porch swings and you playing brilliantly on the piano. I always remember you smiling. Rest In Peace.

*My condolences to Brian's wonderful children, grandchildren and all those loved him and cared for him.*
