“ *Mama, you are the heartbeat of our family and you always will be. Your parting left a void in my life, so I will always treasure and think back on all the memories of good times we shared. You are constantly in my thoughts and I miss you. Even the girls miss their treats. I am glad that you are now in a happy place. Stay close to us. I will always be your kiddo.*

“ *Mom, I will love you forever. You were the best mom I could have ever wished for. I do miss talking to you on the phone but now I can talk to you heart to heart. Have a good time with Dad and Grandma. Keep an eye out on all of us please, I know you are already though. Love, Jan*

“ *We will miss you, Grandma! You had such a joyful spirit and a zest for life. When you were talking with someone, you made them feel like they were the most important person to you. When you smiled and laughed, the joy seemed to fill your body and your whole face would light up. You had such a determination to be independent - even at 90 years old! I'll never forget how you had your aide take you to the hospital when Nicholas was born. You didn't want to have to wait for anyone to come and drive you and you wanted to see your Great Grandson right away! I know that Nicholas has a new special guardian angel now. I love you very much, Grandma!*
