“ *Every piece of my broken heart shatters for this precious beautiful soul. If anyone deserves a moment of peace to last for eternity with our God I wouldn't imagine anyone else then her. I hope in heaven a new light shines in her eyes and the only tears that she would every endure again were serenity from the touch and kiss of her sweet guardian angel. I'll miss her laughter and smart attitude more than anything. She's giving a reason to love Cinderella. I hope she's more joyful then Cinderella was when she finally got her other glass slipper. <3 Thanks for all memories.*

“ *Cindy would do anything and everything for anyone. She deserved better than what she had. I'm angry that she was taken so early, but happy that she is out of the horrific pain that she endured throughout her whole life. You will be missed Sweet Cindy,*

“ I remember on the 4th of July and she gave me my first sewing thing (lol). And I still have it and I had very much fun seeing her because she was very nice. We will miss her dearly.
