“ *Connie Marie Seiler*

“ *I first met Connie back in the late 1980s. We both worked at Standard Federal Bank back then. While we worked in different branches and never at the same branch at one time, we became friends over the years! She was a very successful career woman including having multiple positions and moving up as far as assistant branch manager! Then eventually mortgage loan originator! I remember that clients loved her and so did all the bank colleagues!*

I learned over the years that Connie always put others first before herself. She was always volunteering to help with anything needed personally or work related. On a personal note, I know she loved golf. Whenever we would have a fun work golf outing, I always wanted to be on Connie's team! Not only because she was my friend, she certainly was a great golfer! She could golf and literally be talking on the phone at the same time and yet still magically hit the ball out there in the field! We had common interests the love of animals. She loved all animals and her dogs Riley and Lexie. Before that her dog Alex.

She will definitely be missed! She was a dear friend of mine. She was always there for me. Rest In Peace Connie! Your friend Deena

“ I met Connie a few years ago and quickly found her to be a genuinely great friend to have. Her continued thoughtfulness for others was genuine from baking goodies to knitting or cross stitching everything was done with love and from the heart. I myself have a few treasures and I know I was blessed to have known her. I will definitely miss her.

“ A small group of friends were going to a Toledo Mudhens' game. As always, Connie graciously offered to pick up three of us and drive. I accepted the offer. Other friends asked if I had ever driven with her. I soon found out why, shortly after she picked us up. Needless to say that was the only time I rode with her. Her generosity was always second to no one, though. She always put others ahead of herself.

We knew Connie and her parents as neighbors and friends for 28 years. Her care and devotion to her parents during their sickness and convalescence was #1 to her. She would do just about anything to help and offered to take care of our plants etc when we were on vacation. We shared a love of Detroit sports (especially the Wings) and she was generous to offer tickets to us. We will never forget her care for her beloved dogs, Alex, Riley and Lexy and brought treats for ours. She always shared a holiday goodie each and every season. She lived life as much as she could, even with her debilitating sickness the past few years, yet she still kept an ear to the ground in the neighborhood. She will be tremendously missed. We are terribly sad although we cannot visit to say good bye due to the Virus and our own health compromises. She will forever be remembered though. Our condolences to Pam and her family.
