“ Heard today of Danny's passing and would like to express my deepest sympathy to his family. Will miss sitting on the porch and talking with Danny along with all the guys from Daisy Plastic. Also, passing by his place and seeing him cutting the grass...something he seemed to be doing all the time. May he rest in peace.

“ To Terry, Ron, and Vicki,

I lost track of Danny after I went to Colorado. Often I have driven by the greenhouse by the airport wondering if he lived there or if some other relative was there. I am shocked to see that my childhood friend has passed away. We always assume that our friends will be there when we retire. I wish I had looked him up sooner, but now it is too late. My heartfelt condolences on the loss of your brother. I know Danny always had a good heart and the best intentions. He will be missed by all who knew him. Freda and I are saddened by his leaving. It seems like only yesterday when we were in school looking to graduate, cruising to meet girls with not a care in the world.
