“Loved him like a close uncle. Many many memories growing up from a kid and into adulthood sharing my life with Dave. The many nights at my parents house playing cards, the fishing and hunting trips and the many years of sunday morning bowling with my dad, Dave and Bob. Along with my dad he was one of my biggest bowling inspirations. He always made time to make a special family event and I always looked forward to seeing him to share stories. Dave was one of the most genuine guys I've ever had the pleasure of sharing my life with. I will miss him dearly.

“I have many memories with Uncle Dave. When I was younger I remember going to his house for Thanksgiving. Family was always big with the Schramms! My favorite memory was camping, something the whole family would do as one. Otsego Lake State camp ground, it was the summer of 1991. Us boys played basketball and thought we were the best. We come back to the camp site bragging about our basketball skills. That night around the campfire the old guys wagered a bet against us that they could beat us at a game. The laughs we young boys had that night are memories I'll never forget. The next day came and it was time to beat the old guys! Well the game went on and little to our knowledge did we ever expect to get man handled and FOULED so many times by the old guys. In the end we lost the game and there was lots of laughter during and after. I will miss you uncle Dave but the memories I have of you will never go away.

“ Dave and my family were close from the days when we were kids right up till the day the lord called him home. We camped, fished, worked together, laughed together and shared each others lives. Dave was an easy person to love and was always there when needed. I loved his sense of humor and many times we laughed over life's twists and turns. He was great with the little ones and had more patience then Job. My cousin Dave will be missed deeply, heaven could not ask for a better man than Dave.

“ My Uncle Dave lived far away but we were always close in heart. He went out of his way to acknowledge the big events of my little family and he was always supportive and kind. He made sure to attend my daughters baptism even though we hadn't seen each other in years and he had to travel far to do it. He was an awesome man and he will be missed. My thoughts and prayers are with the family.
