“ *Doc, was a amazing man it hurts me so deeply to just be hearing about his passing. In the 11 years we knew him he was more like a grandpa to me then my actual grandparent's. I will never forget the many weekly car rides too the young marines , dancing in the car, and all the holidays i was blessed to spend with him. He will be deeply missed*

*Love you always doc!*

“ *Dean was like an extra grandpa to our children when they were growing up. He was always such a joy to see working in his yard, walking his pups, coming over for dinners and enjoying his laughter a day stories. He will be missed, but always loved. God bless you, Dean!*

“ *Doc Madsen, you were always a welcome sight at the VA whenever you came to volunteer. You were positive and enthusiastic and always had that smile on your face. It was great to hear all of the stories you told and listen to all the things you did. It was an honor to have volunteered along side a person like you. You will always be remembered and forever missed during roll call. Godspeed and Semper Fi D.C.*
