“ *The day that I met Debbie she was just moving in to college park. I would sit with her in the morning and drink coffee with her. Then she would get on the phone with her mom at noon every day. I would watch her prepare meals for her sister and her mom. Also took in a cat that she loved so much Safora she spent weeks and weeks becoming her friend so she could take care of her and let her because she was wild and finally she did. Debbie was such a loving person she cared for others as they were her own children even if they were not. I would call her mama Debbie. Truly a great person with lots of love to give. She will definitely be missed. I pray for God to comfort the family during this hard time and ease the pain in everyone's heart. That's one thing I know she loved God very much.*
