“ I am one of Diane's cousins by marriage to Ken Opalinski. The first time I met Diane was when Jeff was between 1 and 2 years old. My oldest son was just a newborn. Diane and Ken had come out to California to visit and brought Jeff. I remember Jeff wouldn't eat anything but potato chips and I kept asking Diane if she was concerned. She was so calm and said the pediatrician told her that he could live on one teaspoon of food per day! Well, unlike me the type to panic, Diane was completely calm proving the Dr. was correct. I knew then that Diane was the "Saint" she would need to be to marry my cousin Ken, who always had a bag of tricks together with our families somewhat strange sense of humor. Diane would look at Ken often and just roll her eyes! She had the cutest reactions! Together Diane and Ken made a perfect combination of laughter with a sound consistency of seriousness when necessary. Diane always organized her and her families lives this way; with love, attentiveness and calm understanding. She was the rock and so admired by myself amongst others.

She was a role model for all mothers, and her sons are living proof of that.

Diane, I love you, miss you and know that you live on with your legacy of a beautiful family.

“ We joined the Eriksson family almost together as parapros nearly 30 years ago, worked alongside each other for 20 in kindergarten. Watched our sons grow at Eriksson, shared field trips, parties, meetings and more. You fought this rotten disease with poise, dignity and class and always looked your best, you amazed me with your courage and strength. You are missed so much, dear friend and just can't imagine you not being there. Much love to your family. Bev. Denner and family xx

*Diane proudly served the Eriksson School community for almost 30 years. As our bus loader, she was the first and last person the majority of our students saw during arrival and dismissal each day. She served our kindergarten students as a classroom paraprofessional and helped these children navigate lunch and recess during their first two years of school. She served in other classrooms as an overage parapro and often supported our school in other ways due to her ability to do anything asked of her. We will all miss her skill, positive energy, flexibility, and smile. Much love to the Diane and the Opalinski family.
