“ *Domenic was a straight up guy that everyone who had the pleasure to know him respected him. It is saddening to here of his health challenges and his passing, especially in these years that should have been his reward for years of hard work. We weren't close after leaving GM, but seeing the posts on FB always brought back memories of Dom. Strength to Gina and Rob now and in the years to come.*

Tough supervisor, but a good guy. Worked a lot of overtime for him on weekends. Treated you well if you worked hard and showed up. RIP Dom. God bless you and your family.

A good man. I recall the days at GM before he became a supervisor the Good Lord saw he was tired and called him Home. May the wind always be under his wings!

“ So sorry for your loss Gina, Rob and Betty.
May you find comfort and peace in the name
of our Savior during this time.

*I knew Dom for many of years while working
at the plant. How ever I became to know him better when he was
placed in his final assignment as the Safety Supervisor. It was a real
pleasure to work with such a good man. Not only did he want to do
a good job he showed he cared about the people and the plant in
which we worked. I have many fond memories not only working
together but also spending time outside work.*

“ So many wonderful memories. I remember dancing to the songs
you and your band, T.C. Roads, would play at all of our high school
dances. I remember matching wits and one-liners with you and the
laughter as we tried to outdo each other. Most of all, I remember the
love we shared, the friendship we had for 5 decades. As they say,
"thanks for the memories" my friend, they will be cherished forever.

*Also, listening to album songs over and over and over again to get the
lyrics right, and write them down so the band could play them. Good
times!*

“ Some of my fondest memories are because of him being in our life. He and my dad were such good buddies and would bicker like they were married sometimes but always ended in laughs. Thank you for being part of the Stranyak's lives. RIP to a wonderful man and friend.

“ He was a great friend and neighbor growing up. I will always remember him for his quick wit, his smile, and his flaming red hair! He was a great drummer in his band T.C. Roads back in the day. I will always remember he made my mom smile when he called her "Mom." Rest in peace, my friend.

“ I'll never forget the time up north at The Bog, hanging out at Dom and Gina's house, and I got the hiccups. Dom taught me the easiest way to get rid of them was a shot of tequila. Dom poured me a shot, and my hiccups were gone! May you rest in peace, Mr Dom! Cheers

*Oscar, Oscar, Oscar !
Dom was part of a group of boaters at the Pier 500 Marina in the 1990's. We cruised all over as a group. My three sons and I have so many memories, especially when Dom and I had the same boats, F-32 Trojans parked next to one another.*
