“ *I love my G.G. very much. She helped me study for a test and I got an A, she also helped me alot with my spelling words. I always had a fun time when I was with her. My G.G. let me spend the night and we enjoyed a game of scrabble and she doesn't snore. She liked to take me to the toy store after I went and helped her do her running around. She came to some of my hockey games and cheered me on whether we won or lost. She bought alot of my football and hockey squares and always won. my last goodbye with her was so special... she squeezed me so tight and told me she loved me so very much and would always be with me. I will love her forever and ever.*
