“ *I was surprised to hear of sudden passing of Kash Prakash. I knew him in my work at DTE because I often had to meet him at WSC in relation to common projects we were working on. He was a Polymer chemist and I was the Lead Electrical Engineer. He was a very friendly, lively person and always helpful. I'm sure he will be sorely missed by his family and all the friends he left behind.RIP.*

“ I am deeply saddened to learn about the passing of my dear friend, Kash. He was a coworker and my office mate from 1984 to 2006 and a dear friend after that. We worked on many projects together and enjoyed many laughs along the way. He had a great sense of humor, enjoyed life and the company of others. I will miss him dearly but will treasure the good times we had. My deepest condolences to Usha and the entire family. - Ken Lindquist

I am deeply saddened to find about the passing of Dr. Prakash. He was a good friend, engineer and a co-worker that worked with me on EHC system. He and Ken Lindquist helped me on so many related EHC projects for so many years at DTE. We all miss his kindness, talents and visions at DTE's Engineering Support Organization. My deepest condolences to his family.-
