“ *Aunt Dottie welcomed me into the family immediately. She even had a second "reception" for Kurt & me at their home so Grandma Hanneman could see me in my wedding gown. Christmas Parties meant Aunt Dottie had made her famous Italian meatballs with spicy cocktail sauce and other fabulous food. Kind to others, she wrote beautiful letters and was a great athlete on skis! Our hearts go out to you, Christian and Heidi.*

“ *Dottie was a great friend to my parents, Fred and Pat Schriever before they died. I always thought of Dottie as the Aunt I never had. She was a loving and knowledgeable person.*

“ *My condolences, Aunt Dottie will be greatly missed. I will always cherish the heirlooms she handed down to me, which always included the most detailed hand written note that let me know who and where they came from! These have always been so important to me. Sending love and warm thoughts during this time.*
