“ Not to be a jerk (though, I suppose, it could be argued I come by it naturally), but communist and capitalist governments is a misnomer. Capitalism and communism are economic forms, not governmental structures. Socialism would fall under the same determination in which case, you would then state that Norway and Finland are socialist democracies while China is a capitalist authoritarian state. And Norway (at least) is a relatively successful socialist state so long as the price of oil remains high and they have ready access. While their economy may be more diversified than Saudi Arabia, it is not where it needs to be for fuller development to maintain the lifestyle they have should the price of oil fall dramatically. (Sorry, didn't mean to take a China blog off-topic.)

“ Dear family of Elizabeth, I am sorry for the loss of your mother. May you find comfort in memories and the wonderful promises God has provided in the Bible. The resurrection hope is the promise found at John 5:28,29. Revelation 21:3,4 states that death will be no more. and pain will be no more, the former things will have passed away. Our Creator, by means of his son Jesus, is going to bring about these wonderful changes. I hope as you read these texts in your Bible they will be of comfort to you. sincerely dianne mullins

“ My thoughts and prayers go out to your family...may your special mother rest in peace. She will forever be in your hearts and minds. Let her rest while you continue living as the wonderful people she has created..this is what she would want to see as she watches over you. Stay strong as you work your way through this hard time.
