“ *Woah, so sad to hear. I was just googling an old friend. Man, Everett was a great guy, this hit me hard to find out.*

The coolest guy in auto shop class, hands down. I don't know of anyone who had his style. He was cool with everyone while having his own style.

This might be inappropriate for the page, but I will always remember the nice tokes we took on those long country drives. Thanks buddy.

“ *Everett was the best friend, most generous and most dependable friend I ever had, you could always trust his word, which isn't the easiest thing to come across anymore in our generation 😞 Im going to miss him more than any words, my heart hurts so, so deeply. 💔 I also know that his family meant absolutely everything to him, you all know how much he loves you. And as Everett and I have had countless conversations over the past 8 years I know he would not want his loved ones trapped in sorrow. I love you all. And I love you Everett more than you even knew. Watch over us angel 💕*
