“ *"I saw the dead, the great and th small, standing before the throne, and scrolls were opened. But another scroll was opened; it is the scroll of life. The dead were judged out of those things written in the scrolls according to their deeds. And the sea gave up the dead in it , and death and the Grave gave up the dead in them, and they were judged individually according to their deeds." This scripture can be found in Jehovah's word the bible at Revelation 20:12, 13. It is so comforting to know we will see our dead loved ones again.*

“ *Faith was such a dear friend. We met as HS freshmen at Central Academy and College in McPherson KS, my hometown. We were roommates at college in Greenville IL until I got married. I sang at her and Vic's wedding. So she was an important person in my life. She was always so kind and considerate of everyone. I'm sure she was a really wonderful nurse. I'm so thankful that she was in my life. I will see her again when The Lord calls me Home.*

“ *What a fine lady Faith was! As we were driving on the farm tour last May, I asked her about her brother Forrest's accident. As she gently told the story, I realized that the information I had was completely in error. Today, we have the loss of Faith's love, gentleness, kindness, and comments of history and wisdom to us ended. Thankfully and appreciatively, we can remember all the good she has done for us through the years!*

“ *Faith was a beloved aunt. She always had positive things to say that encouraged me when I was a young girl. She inspired me to be a nurse. I will miss her.*
