“ George, my friend, I'm so lucky and blessed to have known you. I've met few people in my life that EVERYBODY loved, and you are one of them. Beyond being a wonderful human being, you were an excellent nurse. I will never forget the countless times I passed a patient's room and you were in there, making them laugh and for a minute, forget where they didn't want to be, your patients will remember your kindness and the fact that you truly cared, it was so obvious. My heart is rich with so many memories of you on MCU, that pot of coffee that was always made for us every morning, the "whats up kiddo" everytime I needed to talk to you about anything and everything, your whistle as you came down the hall, and that perfect slapstick comeback you always had at precisely the right moment making everyone bust out laughing. The world, and especially St. Mary's, will not be the same without you, my prayers go out to your family, and George, use what God gave ya and keep those angels laughing. I love ya, save me a seat. “ George,

*You taught me many things about medicine and life. Our little chats in the cardiac monitor room, sure did pass my time working on midnights with you. Talks about fatherhood to ensure my son is raised well, to jokes about whatever was the topic. I couldn't thank you enough for sharing with me the wisdom you carried along and humor that tickled many! I sure will miss you pal! Hey and send some spirits down to the Lions would ya! May you rest in peace George Monty. I hope to meet you again someday.*

*With love,

“ *My dear friend, Barb. My heart was so sadden to learn of George's passing. You and your family are in my prayers for comfort and strength. George fell in love with you the day I introduced you two. His laugh was infectious and his humor was certainly something we all loved. He was a caring, loving and decent man, who loved to make others smile. He did so with ease. May God bless you, my childhood friend, Brian and Greg. He will be missed.*
