“ *Always will remember Gerry happy and ready for a funny one liner,he could take a joke when it was on him,but look out he could give it back!!Karaoke and a love of classic rock,Frank Zappa being one of our mutual faves.Remember Gerry on stage at Chatters singing with the band,Turn The Page by Bob Seger! We had not seen Gerry for some time but he was a dear friend.R.I.P. brother,we know you will be joking around and snapping pics forever!Our thoughts and condolences go out to his family. “ My dear friend, you don't know how my heart aches for your loss. We had such a good time riding our bikes over to your sister going bowling with the kids what a blast. That was one of the most wonderful things you could've done to make sure I have a happy Mother's Day. I'm glad I was able to help when you needed it and I'll never forget you. My kids are brokenhearted but they know they'll see you again and that you're watching down on them. Brandon was looking forward to seeing you at his graduation and I told him you'd be there watching from above. I know you would've been so proud of him but now we're left with a broken heart instead of that smiling laughing face. You rode those little mini bikes teaching the kids how to ride them, that was too funny. See you soon my friend today is probably going to be one of the hardest days of my life but we'll get through it we have to, because that's what you would want us to do. But I know I'll see you again soon and you rest in peace my dear friend

I wish the last year of your life was happier, but it is a comfort knowing you are with mom, dad, Ron, Dennis, and Kathy, and all family and friends gone from this life. “ *Ger Bear, we were fast friends. I know you were trying to get your life back, including the friends that you really cared for. It breaks my heart to think of you never "poking" me again on facebook. It hurt when I lost my friend the first time. I'm so grateful you reached out to me before you left us. I will see you again one day my friend. I'm so sorry I couldn't have somehow saved you. God Bless you Bro, Rest In (finally) Peace. <3*
