“ Dave, Jim & Mike:

Our thoughts and prayers are with you as you mourn the loss of this beautiful daughter of God. What a gift she was to everyone around her. She blessed us all with her endless energy and joy. Geri immediately reached out to me like I was part of the family and had a way of making you feel so comfortable and loved. When the Gardner clan came to visit you in Michigan she slaved over delicious food and attended to every detail so that our large group could have a beautiful holiday. We shopped, laughed and played games. I will never forget her crying on the porch when we left. We had never felt so loved.

Then when we met up in Florida she hosted us once again and kept us laughing and happy.

How grateful I am that we were able to see her recently at Jim's wedding and hug her one more time.

I know she receiving all the love from those who greeted her on the other side. But our thoughts are with you. How blessed we all are to know Aunt Geri. 💕💕

*Much Love,
Kim Gardner*

“ *To Dave and Family,
You are in our hearts and prayers at this
tender time.*

*When we think of Geri, we think of her great
sense of humor. She brought laughter,
gentleness, warmth and kindness to all of us. Throughout the years
we think of the love and hospitality always extended to us and
leaving us with fond, fun, beautiful memories that we'll always keep
forever in our hearts. Geri loved the Lord and shared her wonderful
testimony of the Gospel and lived her life as such. We love you Geri
and will miss you! Till we meet again!*

“Geri, I love you! I’m so grateful for the sister relationship we had for 75 years of my life. I know you worked hard helping our Mother raise the babies and to rein us in when things got chaotic. You were a dedicated older sister with much love and compassion. Your loyalty to the family was evident in so many ways it would be impossible to name them all. Laughter and joy was your gift to any gathering. You were also very sensitive in your feelings and would cry easily at the plight of someone in need. You did what you could to relieve the suffering in your years as a nurse and then in your daily service to others. I loved our conversations about our experiences each working in ICU. I remember one trip when you came to Utah to visit and ski. I had to work a night shift at the University of Utah Medical Center in the ICU. Since you were a Navy nurse in the ICU we thought it was a great idea for you to come to work with me, so you put on one of my uniforms and off we went. That was about 50 years ago and believe me that would never ever pass as even remotely okay to bring someone to work with you who was not a verified employee of the hospital! Somehow our reasoning seemed very sound. You always had many loyal friends and it is no surprise you were cared for and loved. People love being around you and I’m not sure you really knew that. Now that you are on the “other side” with many people who love you dearly I hope you are letting in the love and realizing what a wonderful example of love, caring and compassion you left as a legacy here on earth. Through the Gospel of our Savior Jesus Christ we are assured that we will be together again in love and joy. What a grand reunion with our loved ones that will be. I miss you Geri and will carry you in my heart until we see each other again one day.

“ *I am deeply grateful for the time I had with such a kind and loving soul. Geri always greeted me with a warm hug and a smile, making me feel cherished and valued in her presence. Her selflessness and willingness to help others without seeking recognition is a true testament to her character.*

I will carry her spirit with me and strive to live my life in a way that honors her legacy of kindness and compassion. She was a remarkable example of how to love and uplift those around us, and she will always hold a special place in my heart.
