“ *I did not have the pleasure of knowing Ms. Gloria but I do know and work with her grandson and wife, Chris and Maya Chaulk. In this world we live in, it's hard to find people that you work with that have the drive and ethics and the willingness to help families in the career path he has chosen. I feel that this passion and drive starts somewhere in our family genes. So, Ms. Gloria be proud that your genes and life lessons may have passed on to the next generation, Chris. My deepest sympathy for your loss for losing your family member, grandmother, who lived a long life here on earth whom I'm sure she had a lot of lessons and stories she told.*
