“ Hi

*I am an Engineer with Anderson Controls. I met and worked with Greg in October 2005 when we visited the Borg plant to install a machine upgrade. I liked Gregg, and enjoyed working with him. It came as a big shock to hear of his passing away. During one coffee break, he told me how fond he was of his wife and two young kids (whom I have not met). I would like to offer my condolences to them and to the rest of his family and friends.*
