“ *Harley, you were the greatest adventurer I ever knew. I remember you best snake hunting with my son out behind grandpa's barn in the swamp. Your life was never boring. You always found some sort of delight in every aspect of NCC your life. You had an iron will to always accomplish your goals and no one could deter your focus. Like the time you rode your bike over 20 miles to meet up with us all, I offered to give you ride back, I was concerned for your safety riding after dark in the city. You were determined to ride back and said you were just fine and had done it a million times. You were fearless. I will miss you and all that you could have been.*
