“ *Harley, I hope you remember me, my parents used to own Twin Beach Market in the old neighborhood. Frank Ridley told me about Heather. I always liked Heather, and was so sorry to hear about her passing. My prayers and thoughts are with you.*

“ *My condolences to Heather's family and friends. I just came across a map to her house for a corn roast, from years and years ago, which was mixed in with my guitar music. How fitting. I saw her at the Post Office a couple years ago, after having not seen her for years. I am glad I hugged her.*

“ *My dearest friend Heather. I will miss the kindness of your heart and the gentleness of your soul. Just being in your presence lifted me up when I needed to laugh. I adored your great sense of humor. How easy you were to tease and how quit witted you were to come right back and have one up on me. My heart aches to have lost a true friend, so few are hard to find. You knew the meaning of friendship. I wish I would have met you sooner than I did. I feel like I missed out on so much, however, I will cherish the short time I did know you. You left a mark on me that will forever be present in my heart. I will never forget sharing the music and playing guitar with you. Dancing to disco with you in your kitchen, cooking you my famous Italian Pestina soup that I had to make sure you ate. Heather's trecherous boat rides. You were a blast!! Above all,I will always remember the sound of your laughter and the vibrance of you, your smile. I will miss you my friend, let the music play on.*
