“ My thoughts and prayers are with his family. He will be missed by so many. I can only remember him with a smile on his face. His kindness is what makes this world a better place. May you rest in peace, heaven gained an angel.

“ Hank and I were very close and confided in each other for the past dozen years. I learned a lot from him. We texted wellness messages at least nightly, and during the day it was all about current events. We did regular Thursday lunches together for ten years. So many fond memories! ❤️🙏

“ Hank will always hold a special place in my heart. I met him many years ago through his daughter Julie and her husband (my nephew) Paul. I found him to be easy to talk with and always interesting. He was a kind, gentle, and loving man. The moment you met Hank, you could not help but like him. One of my fondest memories was sharing time with Hank, Sharon, Paul, and Julie in the Northwoods of WI. And when Christmas rolled around, Hank’s card was always the first one I received to start the season with Christmas blessings. Hank made outstanding contributions during his career in the automotive industry and enjoyed hobbies such as making some beautiful Tiffany-type glass.

In Hank’s later years, with the help of his family, he showed strength and courage through faith in God. Hank will always be remembered by those who knew him and especially for the love he had for Sharon and his family. Lovingly, Diane Halstead

“ Hank Granowicz was a special human being! He was always so very kind to me and my family and we loved spending time with he and Sharon and the kids. Speaking of the kids Hank and Sharon raised three great children and always set a fantastic example for them. This guy was so talented and taught me many things; just wish I could have absorbed more. Life threw him a terrible curve ball but he kept moving forward and without complaint. We've lost a gem in Hank but he will never be forgotten. Sincere condolences to Sharon, the Kids and Grandkids and the entire extended family.

“ Hank was a wonderful family friend to us as kids and our parents. Growing up, Hank and Sharon always came to our family birthday gatherings. Hank was a mentor to me when I was deciding to study engineering in college, he allowed me to shadow him at work at Ford. My fondest memory is when I was in high school and he helped me design and build a bridge out of balsa wood that needed to withstand heavy weight and we came in 3rd place. :) RIP, Hank.

Thank you for that memory. He was definitely in his element when he needed to design or Build anything. An engineer through and through.

“ Hank was my brother in law for 62 years, but I really considered him a brother. He was one of the kindest, gentlest, most selfless souls you'd ever meet. We should all fashion our lives after his.
