“ *I feel truly blessed to have had Herbert Hubbs for my grandfather. A man with a happy heart always, giving, caring and sharing all the time. His great stories of growing up in the south and coal mining all his wonderful happy stories of the good old days on the farm. All the Christmas holidays together when I was a little girl. Planting the garden with my grandpa and picking all the fruits and vegetables, amazing all the happy hard work he put into it with so much of a harvest every year. He was good at so many things, making corn bread and biscuits and gravey so good like nobody could ever compare, but most of all he was good at being friendly, talking to people, everyone no matter who they were he was so nice to everyone he met. His great happy spirit will always live on in my heart. It brings a great joy to my heart to know grandpa got to go to heaven on Christmas Day. I'm so sure he is still singing up in heaven with all the angels and saints.*

*Love, Lisa*

“ *Herbert will be missed as a dear neighbor. I loved hearing him tell of his past in the coal mines, as a baker, in the service and of the years in the Ford Motor Company. He was one good gardner, fruit tree tender (had wonderful peaches one year) and was a super bee keeper. You are with God now. Condolences to Johnny Jean and family.*
