“ *Finally found Hilda, I'll never forget easter cookies or zataar. She and my mom were great friends since the 1940's. She inspired me in my life's work as a hairstylist and as a chef as well.No one loved people more than she did. My sitoo's name was also Boles, so obviously we were connected...Thank you for the grapeleaves...Rick*

“ *To Hilda's family*

I knew Hilda first through my family and then more fully when she visited Betty Elias. We used to have some wonderful chats. I am very sorry for your loss. I missed her when she left Bangor.

“ *To Hilda's Family,*

We are so sorry for your loss of dear Hilda. She was a lovely lady who always had a smile when she greeted us. Hilda was a long time friend of the Mooney family. We have missed her since she left Bangor. We did endeavor to get an address but the cards were returned.

With prayers
