“ *We are sorry to hear of Howard's passing. Rodney has clear memories of growing up with Howard, his cousin, walking across the Ambassador Bridge - with Howard walking on the water side of the bridge, outside the barrier, until the authorities came to chase him to the inside! May you be comforted by your good memories of him. We will keep him in our prayers. Rest in peace.*

“ *Dear Lois and family,*

I am so sorry to learn of Howard's passing. I know how much you will all miss him. I can still hear his voice in my head and it is always accompanied by a laugh about something. My mom and dad thought he was one of the nicest and best people they had ever known. I believe Lois was living with them when she met Howard. My dad was skeptical because Howard was not a southerner, but it only took about five minutes for Daddy to change his mind once he met him. If everyone were more like Howard, wouldn't the whole world be a much better place. I am holding you in my thoughts and prayers.

“ I remember meeting your Dad when he and your mom came to visit from Arizona. You put him to work and he sure earned his keep doing lots of projects around your house! He enjoyed it and did a great job, and he had to be in his 70's at that time! More energy than I have now! I know you will miss him but I am sure he will live on in your fond memories!
