“ *The date you died is the date the coroner saw you. You actually died 6-9 days earlier. Lying on floor dying. I am sorry they did that to you.*

“ *I miss you! The last message I received from you after we planed on what we were going to do this spring. We were going to visit a lighthouse, go to some different restaurants, air force museum and more. Your clothes are hanging in your room at my house. They are staying there. I still can't believe your gone. My heart is broken. I wouldn't have let you die. I feel so bad you went through what you did. It was not right.*
