“ Jim is my oldest brother who loves his family dearly especially his sons. Every time he was out to my house visiting, he always told us how proud of both of them he is. Jim always gave me advice my entire life, I must say he was normally always right. I will sincerely miss his visits to Betty and myself, we love him and will miss him forever. Jim was one of the best engineers I ever knew and when I was going to college struggling with some tough math formulas he always helped and told me how easy it was if I just paid better attention to detail. Betty and I loved him dearly, Jim will always have a special place in our hearts, I am sure he will want us to remember all the good times we had together. Our sincere condolences go out Brett and Brians family, my god bless them and help them through this difficult time.
