I've known you dad for at least 25 yrs, I'll always remember when I called Brother Karl and Jeff to come up to Motown Harley Davidson, we stood in line all night freezing, waiting to put a deposit on a new Harley. We were the first 3 thru the door! I will also remember that he supported a cure for Cystic Fibrosis by contributing in support of my son. Jeff had a good heart and I'm thankful to have known him. God Bless him, Your family is in our prayers.

Words can not express how sorry I am to the Fehlig family, my heart goes out to the boys and Joyce so much! Jeff was a huge part of my life back in the 90's, we were so young and in love and thought it would last forever but as time went on we went our separate ways. I've always wished him the best and admired how strong he was and what a devoted amazing Dad he was through all life challenges that got thrown his way. I pray that he is finally at peace and out of pain hanging out with his grandparents and uncle in heaven probably riding his Harley! ❤️

Sorry to hear about Jeff. He felt like family to me. I recall when he and his crew went to my home in Elk Rapids and re-roofed the place in 3 days staying at my home while they did. My neighbors were in awe at how hard he worked and how dedicated he was.

He did many roof jobs for me and my family over the years and I'll miss his smiling face and positive attitude. He always seemed to have a bright spot.

I know his head and his heart were in the right place and he is at peace.

“ I have a great memory of Jeff when my son, Luke was working on his Eagle Scout project. Luke asked Jeff to help install a roof on the animal shelter he was building at the Maybury Farm in Northville. Jeff (and Jordan) showed up on a Sunday afternoon, showed Luke how to lay out the roof and install the starter course of shingles, and helped install the roof on the entire structure....and also kicked in all the material at no cost to the project. This was the kind of guy Jeff was. That was a really fun afternoon.

“ Jeff was an amazing person, growing up we were best friends and lived through a lot. We would find trouble around every corner if we could, We were curious to a fault, we wanted to be more grown up then we were, a by product of being the youngest in the family. We used to run around with tennis rackets playing it like a guitar with KISS record's blasting thinking we were cool. One Time we raided Joyce's (Mrs. Fehlig) makeup to paint our faces like the members of Kiss and ended up looking like a bunch of goof balls, It was the best of times!!

After High school Jeff moved to Hawaii and we didn't talk much. Until one day, my best friend called me up and said...I'm coming home!

Jeff coming back home was great time, we resumed being idiots getting in trouble...it was the best of times! Jeff was a selfless person who would do anything to help anyone anytime, he was truly a great person to be around. He will be greatly missed, I'm eternally saddened that we will no longer be mischievous, friends, or partners in crime.

To my friend, I will miss you more than you will ever know. To Jeff's family, I am so sorry for your loss, you are loved and I offer my colendances.

A song that bonded Jeff and I, we would sing it almost every night..Pearl Jam's "Elderly Woman Behind the Counter in a Small Town".

Jeff, your in my thoughts and prayers. I miss you buddy!

“ Jeremy, Justen, and Jordan - your dad was such a wonderful guy (IKYK!)! I was always in awe of his positive attitude through all the pain and bad luck that was thrown his way. I never heard him complain. I am so happy he is getting to see his Lord and Savior. Such a reward for his faith. Please know that Dan and I are here **STILL** for your family. Please let us know what you need and how we can help. Hugs to you all. - Kellie and Dan Maletta
