

## Jeffrey M. Gardner

July 13, 1984 - February 15, 2023

Jeff M. Gardner, age 38, of Canton, Michigan; passed away on February 15, 2023 from complications of cancer.

Jeff's accomplishments are exceptional. He graduated Valedictorian from Northmont High School (2003), with a full scholarship to Ohio University. During his time at Northmont, he earned the rank of Eagle Scout. He graduated Summa Cum Laude from Ohio University (2007) with a B.S. in Chemical Engineering. Jeff completed his M.B.A. from Louisiana State University (2012). Jeff maintained a 4.0 grade point average throughout his entire academic career.

Jeff spent his entire career at BASF, starting as a technology engineer in Baton Rouge, Louisiana. After four years in Louisiana, he earned a delegation assignment to BASF's global headquarters in Ludwigshafen, Germany, spending three and a half years as a global technology manager. His next assignment was in Houston, Texas as plant Production Manager. In his most recent role, Jeff was the plant manager at BASF's Livonia, Michigan site. Throughout his tenure, Jeff was loved by all who knew him and was deeply respected as a leader.

Jeff loved all things outdoors, but his favorite activity was skiing. He had the opportunity to ski out West and in Austria and Switzerland. Jeff also loved

traveling. He and Jess traveled throughout Europe and visited countless countries such as South Africa, India, Turkey and China.

Of all his accomplishments, he was most proud of his daughter, Emma. A daddy's girl to the core, Emma and Jeff shared a special bond. They loved watching Disney movies on the big screen television, playing in the snow and drawing together.

To carry on his legacy, Jeff is survived by his beloved wife of 12 years, Jessica; proud and dear father to Emma; caring brother to Tiffany (Travis) Minton; loving son to Dr. Robert and Beverley Gardner; brother-in-law to Tina (Jordan) Speers; uncle to Benjamin, Ethan, Parker, and Ava; son-in-law to Raymond and Brenda Linville.

The visitation will be held on Wednesday, February 22, 2023, between the hours of 2:00 P.M. until 7:00 P.M. with the funeral service at 5:00 P.M. at the Vermeulen-Sajewski Funeral Home, 46401 Ann Arbor Road W., Plymouth, MI 48170.

“ Jeff was the first Engineer assigned to my group for my first manager assignment. What a lucky occurrence. Jeff made my job easy and I gained a friend. Jeff proved very technical, a good communicator, and good problem solver. He was dedicated, great sense of humor and fun to be around. I remember on a trip to Germany, Jeff's first time for the company. Asked if he'd like to drive the rental car to get used to how the streets flow in Germany for future trips. He tentatively agreed, but mentioned he was not sure if he'd ever be back. Then his talents and accomplishments earned him a 3 year BASF delegation in Germany. He was capable and humble, I'm going to miss him. Jess and Emma, our prayers go with you.

“ I had the privilege of being Jeff's roommate all four years at OU. I can't believe how lucky I was to get him as a random roommate. Without question, Jeff was easily the most focused and determined person I've ever met. He was equal parts goofy, intelligent, curious, friendly, and humble. I have so many great memories from our time in Athens, and my college experience certainly wouldn't have been the same without Jeff.

*Wishing Jess, Emma, and your family peace, strength, and courage through this difficult time.*

“ Jeff has been an inspiration as one of those rare people who are extraordinarily talented... but also exceptionally friendly and kind. He was well-known and well-liked for good reason. Jeff was one of the best people to work with or to talk to, and I profoundly wish I had had more time to do both. I think about how much of a loss it is for all who knew him... and my heart breaks at the thought of the sorrow felt by those closest to him. I hope that there is some small comfort in knowing how positive of an impact he made on all those around him and how he will always be remembered and missed. His legacy and impact will last for a long time, even among those whom he only had a short or indirect contact. I will be forever thankful for having had the opportunities to work with him and learn from him. He was one of the best of us.

“ I had the privilege to get to know Jeff in 2008 when I first joined BASF at the Geismar site. Jeff and I shared an office space for a few years in the Acetylenics Department and we really became great friends. It was during this time that Jeff was planning his “famous” marriage proposal to Jess and I got to hear and weigh-in on some of the details of his plan. Jeff absolutely cherished his relationship with Jessica, and he lit up anytime he spoke of her. Jeff was wise beyond his age and I have always admired his energy, intellect, and passion for life, family, friends, and his work. Jeff, you will always be loved and missed so much!!

“ Marco, our at the time 2y.o. twin boys and I got to meet Jeff and Jess when they just had arrived to Germany. Jeff was such a wonderful man who loved his Jess unconditionally. I remember her 30st birthday and how he wanted all to be perfect and made sure that everyone near or far participated during that special day.

With two toddlers at home we could not always participate in all social events - but when we had the chance we did! At one occasion we took Jeff and Jess to a proper Football ⚽ Game which I believe they enjoyed - despite of me beeing a bit of a „hooligan“; or maybe because of it :). We had such fun!

So many fond memories and emotions go through my mind - also from when Jeff proudly told us how happy he was that Jess was expecting. He was so so happy.

Always in our hearts dear Jeff!

Wishing Jess, Emma and your family peace, comfort, courage and lots of love at this time of sorrow. Our heart goes out to you and our thoughts are with Jess, Emma and all your family. Sending you all love

“ First time I met Jeff back in Germany, where we were working on a large safety project for the intermediates division. He was smart, analytical and had a great sense of humor which helped soften the stern German meeting culture. We met much later in Freeport, TX, again, and recently here in Michigan – always having a great discussion about work and family lives during relocations. My deepest sympathies for his family.

“ I will never forget the moment when Jeff and I sat down together so we could talk about what opportunities there might be in Freeport as he and Jessica were working to make their way back to the USA. He was driven, bright, engaging and just looking for challenging work and the chance to help people. Then in that small beautiful world that is BASF, I got to work briefly with Jessica on a project in my area. She was equally driven, bright, engaging and a hell of negotiator. What a beautiful complimentary pair. Their love shone bright and only intensified when Emma came into the world. I cherish that I got to see both of them in October 2021. I am heartbroken that we have lost Jeff too soon. The thing that brings me comfort is reading and seeing exactly what I knew to be true and that is that Jeff and Jessica have amazing friends, family and colleagues who will continue to support them and honor Jeff's memory for years to come.

“ *I've known "of Jeff" longer than I actually knew him on a personal level. Even when I read the technology manual he wrote, you could see his funny and intelligent personality coming through. As I got to know Jeff more personally the last several years, his first impression was true to form. He was keen to bring a smile to the room with his witty comments and we all got smarter just being around him. Jeff talked glowingly about Jess and Emma and I'm glad I had the chance to meet them when they relocated to Michigan. My deepest sympathies to the families. He will be missed by all who knew him.*

“ Jeff and I were of similar age and same grade. We were in Boy Scouts together after Ryan convinced me to join. We went on skiing trips together with OU. We put on big ol boxing gloves and went at it in the ring together. He was right and just and had a very creative way of expressing his feelings. We went to SeaBase scout camp. The councilors there were a little authoritative so at the end when each troop got an opportunity to perform whatever in front of the camp Jeff had an idea. With the use of satire he came up with a short play where the troop parodied the behavior of the counselors as a form of protest. I felt like a true rebel that day. Looking back at my interactions with Jeff, my current understanding of how I view this world sees Jeff as a father as much as he was a friend. He was genuine. Deep down you knew he cared and would do what he thought was right. I always trusted his judgement. He saw me for who I was and accepted me with open arms. He also knew what I could become and encouraged me to see it in myself. I didn't realize it then but I love you man and I'm really glad you were able to touch so many with your heart as you did me. Rest in heaven my brother.

“ Our hearts go out to the Gardner family. We were neighbors in Ohio for fifteen years and appreciated every day that we were blessed with such quality people as the Gardner family. Jeff and Tiffany were such wonderful young people. Full of energy, personality, kindness and extreme talent. Jeff's accomplishments are well documented and are amazing. His academic prowess has only been exceeded by his commitment to his marriage and parenting of his beautiful daughter. Jeff served as a role model for our son Taylor. All of us who knew Jeff understand that this world has lost a kind, gentle and talented individual and we lost a dear friend. Condolences to the entire family. May God Bless and comfort you all. “ *The Gardners' and we were neighbors in Jeff's early years and as such Jeff was part of our lives visiting back and forth. Our kids rode trikes, did sleepovers. and swam at the Valley Brook pool together. His parents were very attentive and loving and Tiffany an imaginative playmate. One day my husband asked Jeff how old he was and Jeff's eyes just sparkled and his mouth burst into a broad smile. He forcefully pushed out four fingers and said, "I four years old.!" Well this small interaction got repeated through the years on many occasions. Bev and Rob always shared their pride in him when he was in scouting, his exemplary grades in school, and his adventures overseas. He grew to become a fine gentleman, appreciated at his work position, a good friend to all, and loving husband and father. We were privileged to be at their engagement party, his wedding to his soulmate, Jess, hear all their news and of course, see family pictures and all about Emma's cute antics. The world was a better place with Jeff in it. All of us will miss you, Jeff. Your memories will stay in our hearts. Your life truly was a blessing and blessed all of us.*

He never stopped looking out for me and just a few months ago sent me such kind words to welcome my first child into the world. I will so dearly miss my cherished friend, mentor, and role model. Some people touch your heart, but Jeff planted pilings and pillars in mine. Truly the best of men. “ We had the privilege of meeting Jeff, Jess, and Emma Gardner in 2018 at our neighborhood park during one of those beautiful fall days in Pearland, TX. Our girls, Aera and Emma are the same age - Emma is two months older than Aera, and they hit it off right away. They literally played until the sun went down. We knew then and there that Jeff and Jess were instantly going to be our favorite parents to hang out with.

*Jeff and Anthony were two peas in a pod - both quiet, reserved, intelligent, and married to beautiful, smart, rambunctious women. As first-time parents to little girls, it's hard to find people you find just the right vibe with, but Jeff and Jess were IT. We truly enjoyed hearing about their travels - their trips around Europe, their skiing expeditions, all the trials and tribulations of raising spunky little girls. We loved their love for travel and our girls were the best of friends.*

*Some of the things Jeff and Anthony bonded over were their nerdy love of headlights and tennis. When the "Deep Freeze of 2021" happened in Texas, our guys strapped on their gear to make sure they took care of their families! Outside of manly duties, Jeff was one of the only people Anthony deemed a worthy opponent on the tennis court - so they made sure to have a couple of "dad-dates" and broke a sweat a few times on the court.*

*Another great memory was Halloween 2019. It was so fun to get all the neighborhood kids together for trick or treating at the Gardner house! When they moved to Michigan, Halloween just wasn't the same anymore. Jeff and Jess were the glue that held us all together.*

*During the pandemic, we spent a lot of time in the pool together. One of our most memorable nights was when the girls got together for a "night swim" and had their first chicken-fight on top of their dads' shoulders. If we didn't pull them out of the pool, they could've kept going all night. We were SO sad to find out they were moving to Michigan, but happy that they would be closer to their families.*

*Promises were made to visit as we felt we were bonded for life.*

*Jeff Gardner has truly left an impact on us. We will never forget his compassion, his love for his little girl, his wanderlust, his overall decency as a human being. Jeff was the stuff that all husbands and dads should be made of. We are forever grateful that we had the privilege of getting to know such a wonderful person and we know his legacy will live on in Emma and his wonderful wife Jess for decades to come.*

*Sincerely,*

“ Jeff and I earned our Eagle Scout rank together, competed in EnviroThon at Northmont high school together, and attended Ohio University together. We went on many adventures together to include hiking the Grand Canyon, SCUBA diving, skiing, and skydiving. Jeff always had a great positive attitude, he had incredible persistence, and made consistent good choices. Jeff owned his life and was unstoppable. Having people like Jeff around make life on this planet tolerable. He lived an extraordinary life and had an impossible outcome. It hurts. It was an honor to have shared life with him and the friendship and example he gave us lives on through us.
