“ *Before I moved to Las Vegas in September 2003, I had been the xray/mammography technologist at Family Practice Centre of Livonia for 22 years and had the absolute pleasure of taking care of Jennie. I found her to be an optimistic, kind, loving woman who always had a positive outlook about everyone and everything. I'm happy to have had the chance to know her.  
With heartfelt sympathy-I know she'll be missed by each of you,

“ to art and family, i was so sad to hear about jenny passing away, she was a great lady, i remember always walking by your house to or from school and just playing in the neighborhood and always coming to talk to art and jenny would always be smiling and greet us with a hello and eventually start talking about the tigers, she was a great fan, i remember that clearly. art would always help me with my moped or my bike if i needed it fixed and they were always there to share a piece of candy. a great couple she will be sadly missed, i didnt find out till today and then it was too late. i would have stopped by and paid my condolences. i never forgot art and jenny growing up and then moving out of the neighborhood but always asking my aunt bev how art and jenny are? other than your great loss i hope art is doing well and i will pop up one day and say hi again.  
sincerely
