“ Patterson family. My sincere condolences, as to your loss. I came across the obituary by accident. It has been a few years since I spoke with y'all, but my memories go back 40 years, plus. I have many, however, my two favorite memories of Sr are these; I was always treated like family in your home, with southern charm, class, and hospitality. Second, Sr would always be armed with a friendly, "Hey Alex did you hear the one about...." The man never disappointed for a laugh. On behalf of my family, I hope you all are at peace, and all are healthy and well in 2025. - McVicar family.

PS

Alex, thank you for your kind words. You should reach out to Jerry sometime. He is still at the dealership.

Jerry and I worked together for many years. After retirement we sort of got out of touch however about 4 or 5 years ago we got reconnect I was going to install a ramp for his wheelchair the week he passed. I cherish our friendship for so many years.
