

Jessica Tracey Justice

September 25, 1980 - March 3, 2024

Justice, Jessica Tracey, March 3, 2024, age 43 of Gregory.

On Thursday February 15th our beautiful Jessica suffered a massive stroke. In the weeks following she underwent drastic surgery and fought incredibly hard to stay with us but it was made clear that she wouldn't survive to live a life she would want and deserved. Jessica's family and John never left her side; keeping her company and sharing with her how much everyone loves her.

Jessica did her best to donate her organs, but due to her hanging on longer than the donor program allows, she wasn't able to. Jessica was an extremely generous person and she wanted to help people even in her last days.

Jessica leaves behind her grandfather Paul Stenzel, father Michael Justice, mother Lorraine Stenzel-Justice, brother Paul Justice and his wife Nicole Justice, sister Laura Fowler and her husband Alex Fowler and their two boys Graham and Dean, her significant other/"husband" John Turner and numerous other friends and family.

We are devastated beyond belief and miss our intelligent, generous, silly and adventurous, and most of all loving Jessica or as Graham says "Jess-ca". To say that Jessica was loved would be an understatement and no words can

describe this loss.

We have elected to forego a funeral in lieu of a celebration of life party (as Jessica often requested when the topic arose) when the weather is nice and can be hosted outside. Our family will post details on her Facebook when we get it all sorted out.

Tonight, please squeeze your loved ones tight and, in memory of Jessica, share with them a memory of her.

To share a memory, please use the Share a Memory tab on this web page.
