“ *Uncle Johnny. You were my favorite uncle when I was growing up. You were so thoughtful and kind and generous. After all these years I still have my Alice In Wonderland doll and I think of you. I'm so glad I wrote you a letter to tell you how I felt about you. Love you.*

“ *We will always remember John and Lois as lovers of the Little Manistee River, each other, their children and grandchildren. Neighbors and friends were invited in for visits around their dinner table.*

John's dedication to the Little Manistee River lives on in the many pages of useful data collected as part of water quality monitoring, as well as interesting writings relevant to the river's history. He was one of the original board members of the Little Manistee Watershed Conservation Council when it was founded in 1996 after Luther Dam failed twice causing heavy erosion and damage to river properties downstream. He continued as a river volunteer well into his 80s. He stayed abreast of the organization's activities until his last days.

We will miss John and Lois as upstanding members and friends of the Elk Township community and stewards of the river. Our deepest sympathies go out to your family.

“ I have so many things to thank you for and find it hard to cover them all from decades of knowing you. Mainly, for your son John. I thank you for lunches before or after appointments, dinners out, dinners in, family gatherings, phone calls to talk about everything or nothing, trips down memory lane and your respect for my opinions. These last few months were difficult for you but you managed them with struggle and determination. Bravo! Well done!!!

You were important to me and I miss you. Love you and am proud to say, you knew.

“ *My name is Amanda and I was Johns homecare nurse. I had the pleasure of visiting John 3x per week. He was one of my most favorite patients. He was kind and always smiling no matter what he was going through. I really looked forward to seeing him. I was able to see him the day before he passed and he was in great spirits. He said he had gotten the best nights rest that he had in a long time and was suffering from no pain. I will miss our visits immensely. My sincerest condolences to his family for your loss. He really was such a treasure.*

John, I will think of you every time I kayak down the Little Manistee river that you worked so hard to keep clean!
