“ *Our deepest condolences on the loss of your father. We did not know John well and only met him a couple of times, but through the stories Mark related about his life, his love of the dog, the family, and his military service he seems to have led a long and productive life. We too have lost many of our older family members in the recent years and we well understand how deep these losses can be. Remember all the good times and the things he taught all of you throughout his life. We hope he lives on in the memories of all the family memebers forever. He truly was a member of the greatest generation.*
