“ *I'll never forget my poppa Jack, who was around my whole life. When I was young, he taught me how to weld, and we turned some metal wiring into a lovely tree for my mom.*

He was always kind and loved to share all sorts of stories. He always went right to the piano and played one of his standards, In the Mood.

Poppa was an amazing grandfather and I'll miss spending time with him. He was an honorable man, and his service to our country will always be appreciated.

You're in a better place now. You've earned your rest.

“ Goodbye Uncle Jack. He and my father (his nephew) were two peas in a pod - generous, gregarious, car-crazy. We always loved Jack's visits - memorable for his kindness and stories, and for my Mom's increasing frustration with what I'd now call the "Minnesota Goodbye" - talking in the driveway for what seemed like an hour before he'd actually leave. On my first trip back to Michigan with the girlfriend who would become my wife, we watched 4th of July fireworks from the deck of his pontoon boat. He will be greatly missed by all. - Andrew Reinink

“ Jack was my fathers (George Dansby) best friend for over 75 years! He was there for him during the good times and the bad. They had a wonderful connection of mutual interests in cars. My family was grateful for the friendship they (Marilyn and Jack) kept with both my parents. Lots of laughs and good memories. Jack was a household name throughout my childhood. Sending prayers for peace and understanding during this time. I'm sure my dad is “ showing Jack how things are done” up in heaven 💕🙏

“ *When my husband and I first moved onto the street Jack made us feel welcome. I remember his stories about how he met his wife Marilyn and how much he loved her. He would spend time telling us about his children and grandchildren and how proud he was of all of them. Always willing to help figure out how to fix something and usually had the tool. Jack was like the Mayor of our street and he will be missed. Our thoughts are with all of you at this difficult time.*
